Subject: RE: DOGGR mtg today

I would propose the following agenda -

- 1) EPA's letter and State's response schedule
- 2) Status/timing for resolving aquifer exemption questions
- 3) Messaging and media outreach
- 4) Next steps/coordination

Let me know if you have any comments/suggestions.

Thanks,
David

Mike -

I can participate. Will this be a call, and where are we gathering? Also, do we have an agenda?

Brett

Hi -

I apologize for the short notice but could one of you come to a meeting we have with DOGGR today at 3pm? We are going to talk about next steps mostly. Thanks Mike
